

Richard III Society Fifteenth-Century Conference Bursary

Postgraduate students wishing to present papers at the 2022 Fifteenth-Century Conference are invited to apply to the Richard III Society for a £250 bursary.

The Society was established in 1924 in the belief that many features of the traditional accounts of the character and career of Richard III are neither supported by sufficient evidence nor reasonably tenable. The Society aims to promote in every possible way research into the life and times of Richard III, and to secure a reassessment of the material relating to this period while raising awareness of the role in history of this monarch. Any topic of relevance to these research interests will be considered (not necessarily focussed on Richard III himself).

Applicants should submit a 250-300 word abstract of their proposed paper along with an explanation of how this fits with the Richard III Society's aims to research_officer@richardiii.net.

Applications should include the applicant's full name, email address, PhD topic and university affiliation. All applications will be judged by the Society's Research Committee. Up to two bursaries may be awarded. The deadline for applications is 28 February 2022 and the successful candidate(s) will be notified before the end of March. The names and topics of the successful candidate(s) will be publicised in *The Ricardian Bulletin* (the Society's quarterly magazine).
